RE: Right of Way Negotiator Proposal for City of Hinton Flood Mitigation Project

I have been performing the services as right of way negotiator for 10 years. In that time, I have worked closely with Region One Development, engineers, project attorneys and many service authorities.

I provide services including and not limited to liaison between the community within the infrastructure project area and the Public Service Authority. I coordinate with the project engineers in plan clarification and requesting design alternatives to expedite the easement and land acquisition process. I work closely with the project attorney to ascertain correct and complete property title of ownership, and tailor the language within the easement when necessary to address concerns the property owner may have to insure a smooth acquisition of the easement.

Most cases require multiple call backs, repeat mailings to property owners living out of the project area, appointments, phone calls and in person meetings with persistence and careful negotiating skill.

I pursue property owners relentlessly to negotiate and obtain the easement and/or land acquisition maintaining quality of service to move the project forward without delay.

My fee schedule is as follows:

Land Acquisitions	\$400.00
Easement Right of Ways	\$200.00
Maximum proposal not to exceed	\$10,000.00

Sincerely,

Gary R. Hall
